**WIN
ME**

10 prizes
to be won!

We are sorry that we are not attending BSAVA as planned, especially as it was the start of our **25th birthday** celebrations!

In this difficult time, we want to raise spirits and bring a little cheer; so we are giving **TEN lucky people the opportunity to win:**

- A bottle of Prosecco
- A £25 Just Eat voucher for your practice to enjoy
- A Veterinary Pocket Guide
- A pair of Patterned Nursing Scissors
- A pack of 5 Freddos

To Win simply visit our website and complete our survey: www.surveymhero.com/c/JAKQuiz

Clinell® UV Torch Kit

When did you last do an infection control audit?

The Clinell UV Torch Kit is an innovative and effective tool that can help improve infection control procedures by evaluating the effectiveness of cleaning and help to train members of staff.

An easy way to audit and spot check cleaning protocols. Simply select the equipment and surfaces you wish to monitor. Use the fluorescent pens to mark equipment and surfaces and then record their location on the App. Set reminders when to check the mark and use the torch to assess whether the invisible fluorescent gel has been cleaned away.

The unique Clinell EvaluClean software system, is completely customisable. Instantly view live reports and choose whether to audit the room or specific items.

Kit includes:

- UV torch
- 2 x UV Pen Markers
- UV Powder
- Record data in the software
- App for audit trails

£39.00
